Installation & Activation

How do I install Gridinsoft Anti-Malware?

Download the installer from the official Gridinsoft website and save it. Open the file (Gridinsoft Anti Malware-setup.exe). If your browser or Smart Screen shows a warning, choose the option to proceed if you downloaded it from our site...

READ TIME
1 min

1. **Download the installer** from the official Gridinsoft website and save it.
2. **Open the file** (GridinsoftAntiMalware-setup.exe). If your browser or SmartScreen shows a warning, choose the option to proceed if you downloaded it from our site.
3. **Approve the UAC prompt** (Run as administrator if needed).
4. **Follow the setup wizard:** select language, read and accept the License Agreement, choose the install location, and optional shortcuts.
5. **Install and finish:** click Install, then Finish to launch the app.
6. **First run:** allow the threat database to update, then start a Quick scan.

Tips:

- If another antivirus or firewall blocks the installer, temporarily pause it during installation, then re-enable it and add Gridinsoft to its allowlist.
- If you see errors, try re-downloading the installer or running it as administrator.
- Need help? Contact our Support Team.
